WRONGFUL CONVICTION John A. Humphrey 2018-01-04 The magnitude of wrongful conviction is increasing across the country and around the world, with individuals arrested, convicted, and incarcerated for extended periods of time. This book provides an understanding of legal remedies, organizational reforms, and policy changes that have been proposed and implemented. In various jurisdictions, these procedures reduce the likelihood of a wrongful conviction. Legal and organizational reforms and changes in criminal justice policy are considered at three key junctures of the process: (1) the investigation, evidence gathering, and forensic analysis, (2) prosecutorial decision-making, and (3) the judicial review and exoneration of a wrongfully convicted defendant. Each chapter opens with a wrongful case vignette that illustrates the reform strategies being considered. The investigatory process is studied on each case, and the police process is analyzed in detail. Part 1 includes the introductory chapter that provides an overview of wrongful convictions, and the investigatory process routinely employed to gather evidence and identify a suspect. The analysis of forensic evidence is explored, including the chain of custody, contamination of the evidence, misinterpretation, and the falsification of forensic reports. Part 2 focuses on the prosecutors, defense attorneys, judges and juries. Plea bargaining strategies, coaching witnesses, violations of the rules of discovery, use of jailhouse snitches, inadequate defense counseling, lack of preparation and adequate resources are examined. Part 3 analyzes the processes involved in the reversal of wrongful convictions, the judicial review, and obstacles encountered in the exoneration process. In addition, the authors provide a thorough analytical overview of the criminal justice processes involved in wrongful conviction and the reforms that are needed to prevent and reverse injustices. This book is an invaluable resource for prosecutors, defense attorneys, judges, advocates for the wrongfully convicted, criminal justice policymakers, law and society, and will contribute to academic courses in the fields of criminology and justice.
