Access codes Access codes that are purchased from sellers other than Pearson carry a higher risk of being either the wrong ISBN or a previous **Algebra and Trigonometry** Jay P. Abramson 2015-02-13 "The text is suitable for a typical introductory algebra course, and was developed to be used flexibly. While the breadth of topics may go beyond what an instructor would cover, the modular approach and the richness of content ensures that the book meets the needs of a variety of programs." -Page 1.

**Down to Earth Sociology** James M. Henslin 2005-01-01 A latest edition of readings for the Introductory Sociology college market features thirty percent new articles that address current issues of contemporary sociology, from gender and politics to religion and AIDS, in a collection complemented by correlating charts that list key introductory textbooks. Original. 20,000 first printing.

**Sociology** Anthony Giddens 2006 This fully revised and updated version of Anthony Giddens's Sociology, now in its fifth edition, offers an unrivalled introduction for students new to the subject - lucid, lively, authoritative and original. Written by one of the world's leading sociologists, this comprehensive textbook manages to be clear, accessible and jargon-free, but without oversimplifying complex debates. Earlier editions of Sociology broke new ground by incorporating cutting-edge debates, such as the impact of globalisation, into an introductory text. This fifth edition remains a state of the art textbook, with fresh and engaging new material added throughout. While covering

all of the core topics of sociology, the fifth edition also includes a great deal of substantive new material, ensuring that students are introduced to the most recent sociological debates. Throughout, the book weaves together classical and contemporary theory and data, and provides a wide range of everyday examples to which students can easily relate. The fifth edition also benefits from: \* New discussions of global inequality, disability, ageing and the life course, risk, the network society, and terrorism, as well as many other additional and up-to-date topics. \* Numerous learning aids in every chapter, such as summary points, questions for further thought, and additional reading suggestions, which help to reinforce students' knowledge. \* Lots of extra photographs, diagrams, case studies and cartoons, to bring ideas to life and fire students' imaginations. \* High-quality supplementary resources on a dedicated website, including a full instructors' manual and additional student aids, all specially designed to stimulate students' learning and critical thinking. The fifth edition of this classic textbook is an ideal teaching text for first-year university and college courses, and will be essential reading for all students who are looking for an exciting, authoritative and easy-to-follow introduction to sociology. Please visit the accompanying website at: <http://www.polity.co.uk/giddens5/> *Contemporary Urban Planning* John M. Levy 1997 Reflecting the author's many years of experience as a working planner, this volume focuses on public planning at the state, metropolitan, and particularly, the local level. Throughout, John M. Levy emphasizes politics, economics, ideology, law and the question of who benefits and who loses by particular decisions. The first half of the book presents a history of planning, the legal basis and political setting of planning, some of the social issues in planning, and the basics of land use controls and comprehensive planning. The second section contains chapters on various fields of planning - urban design, capital facilities planning, urban renewal and community development, transportation planning, economic development planning, growth management planning, environmental planning, and planning for metropolitan regions. The book concludes with a chapter on national planning and a chapter on planning

theory.

**The Blackwell Companion to Medical Sociology** William C.

Cockerham 2008-05-12 The Blackwell Companion to Medical Sociology is a comprehensive collection of twenty-six original essays by leading medical sociologists from all over the world. Sociology in Our Times: The Essentials Diana Kendall 2015-01-01 Current and relevant to today's students, *SOCIOLOGY IN OUR TIMES: THE ESSENTIALS*, 10th Edition presents the latest available data and new insights on behaviors, issues, and trends in our nation and world from a sociological perspective. The new edition of this bestselling text emphasizes the theme of social change and the ways in which media--particularly social media--and other forms of technology inevitably bring about new ways of living, interacting with others, or doing certain activities or task. New sections on social change have been added throughout the book, and the theme also appears in the "Sociology Works!" and "Media" features. "Sociology and Social Policy" boxes return to this edition, examining issues such as gun control, prevention

of military suicides, and whether employers should be allowed to “spy” on their employees. First-person accounts of individuals' lived experiences draw students into the chapter content by illuminating topics that reflect the text's primary themes of diversity, the application of sociology to everyday life, global comparisons, media, and social change. New timely topics include environmental activism, immigration, bullying and social media, and same-sex marriage. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Introduction to Sociology Anthony Giddens 2016-02-01 An affordable, no-nonsense introduction to sociology for today's students."

Sociology in Our Times Diana Kendall 2016-01-01 This best-selling comprehensive book conveys the relevance of sociology by presenting a timely collection of theories, research, and examples -- including its signature first-person accounts that open many chapters. These lived experiences are relevant to students and introduce themes that provide a framework for learning the chapter material. Kendall's vivid and inviting writing style, emphasis on applications, and eye for compelling current examples further highlight sociology's relevance to all students. Now in its eleventh edition, SOCIOLOGY IN OUR TIMES is acclaimed for being the first textbook to integrate race, class, and gender issues, and for its thorough presentation of sociological theory, including contemporary perspectives such as feminism and postmodernism. This edition focuses more on social/global change and on the contemporary world, presenting such current debates as bullying and social media abuse, digital-age methods to increase school attendance, food trucks and the spread of culture, modern slavery, and weight bias. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Essentials of Sociology James M. Henslin 1999-06-01

Cengage Advantage Books: Introduction to Sociology Henry L. Tischler 2013-02-01 Packed with current examples you can easily relate to, Tischler's INTRODUCTION TO SOCIOLOGY, 11E delivers comprehensive, up-to-date coverage in a succinct and affordable format.

The author begins by equipping you with tools for success, including tips for how to read, study, and take tests more effectively. A built-in study guide and practice tests ensure thorough understanding. The text threads two basic ideas throughout: sociology is a rigorous, scientific discipline, and basic knowledge of sociology is essential for understanding social interaction in many work and social settings. With its streamlined 16 chapters, INTRODUCTION TO SOCIOLOGY, 11E delivers cutting-edge coverage that is concise yet thorough--and makes sociology completely accessible. Available with InfoTrac Student Collections <http://gocengage.com/infotrac>. Looking in Classrooms Thomas L. Good 2017-12-15 Looking in Classrooms uses educational, psychological, and social science theories and classroom-based research to teach future classroom teachers about the complexities and demands of classroom instruction. While

maintaining the core approach of the first ten editions, the book has been thoroughly revised and updated with new research-based content on teacher evaluation, self-assessment, and decision-making; special emphases on teaching students from diverse ethnic, cultural, class, and gender-identity contexts; and rich suggestions for integrating technology into classroom instruction. Widely considered to be the most comprehensive and authoritative source available on effective, successful teaching, *Looking in Classrooms* synthesizes the knowledge base on student motivation, classroom management, teacher expectations, teacher effectiveness, adaptive instruction for individual learners, and informative observational techniques for enhancing teaching. It addresses key topics in classroom instruction in an accessible fashion, promoting easy interpretation and transfer to practice, and articulates the roles of teacher-centered pedagogy, student-centered instruction, and project-based learning in today's classroom. Guided by durable historical knowledge as well as dynamic, emerging conceptions of teaching, this text is ideal for undergraduate teacher training programs and for masters-level courses for teachers, administrators, and superintendents.

**Essentials of Sociology** Anthony Giddens 2016-12-01

**Psychology and Industry Today** Duane P. Schultz 1973

**Our Social World** Dr Jeanne H Ballantine 2011-04-25 The Third Edition of *Our Social World: Introduction to Sociology* is truly a coherent textbook that inspires students to develop their sociological imaginations, to see the world and personal events from a new perspective, and to confront sociological issues on a day-to-day basis.

Key Features: \* Offers a strong global focus: A global perspective is integrated into each chapter to encourage students to think of global society as a logical extension of their own micro world. \* Illustrates the practical side of sociology: Boxes highlight careers and volunteer opportunities for those with a background in sociology as well as policy issues that sociologists influence. \* Encourages critical thinking: Provides various research strategies and illustrates concrete examples of the method being used to help students develop a more sophisticated epistemology. \* Presents "The Social World Model" in each chapter: This

visually-compelling organizing framework opens each chapter and helps students understand the interrelatedness of core concepts. New to the Third Edition: \* Thirty new boxed features, including the innovative 'Engaging Sociology' and 'Applied Sociologists at Work' features \* Three substantially reorganised chapters (2. Examining the Social World, 3. Society and Culture, and 13. Politics and Economics) \* 315 entirely new references and 120 new photos.

*Management Fundamentals* Robert N. Lussier 2008-02-01 Using a three-pronged approach of concepts, applications, and skill development, *MANAGEMENT FUNDAMENTALS, International Edition* gives your students a solid foundation of management concepts and real skills they can use in the workplace. Through a variety of thought-provoking applications, Lussier challenges students to think critically and apply concepts to their own experiences. Proven skill-building exercises, behavioral models, self-assessments, and group exercises throughout the text help students realize their own managerial potential. The 14-chapter format is comprehensive enough for the one-term course yet flexible enough to allow for additional readings, activities, or discussions.

**Social Problems** James M. Henslin 2013-06-25 A sociological understanding of social problems. *Social Problems: A Down to Earth Approach*, 11/e is a theoretically balanced text that provides the latest research and a consistent structure to help students analyze critical social problems facing the United States. The author presents both sides of an argument with a neutral voice and uses a "down-to-earth" writing style. By using this text, not only do students gain a sociological understanding of social problems, but also they are able to explore and evaluate their own opinions about specific social problems. They will gain a greater awareness of the social forces that shape their orientations to social problems and their perspectives on social life. The ideas in this book penetrate students' thinking and help give shape to their views of the world. MySocLab for *Social Problems* features an engaging student experience including an interactive eText, the New Core Concepts Video Series, the New Social Explorer. Teaching & Learning Experience Personalize Learning - MySocLab is an online homework, tutorial, and

assessment program. It helps students prepare for class and instructor gauge individual and class performance. Improve Critical Thinking - Thinking Critically About the Chapter - At the end of each chapter are several questions designed to help students evaluate what they have read. These questions also lend themselves well for stimulating class discussions. Engage Students -Opening Vignette - Intended to arouse student interest in the social problem and to stimulate the desire to read more, this brief opening story presents essential elements of the social problem. Explore Research -Spotlight on Research boxes - Major researchers in social problems share an insider's perspective of how they became interested in a social problem and how they did their research Explore Theory - The three basic theories - Symbolic interaction theory, functional theory, and conflict theory— are introduced early in the text; giving students the opportunity to immediately grasp the differences of these theories. Support Instructors - MySocLab, Instructor's eText, Instructor's Manual, Test Item File, Electronic "MyTest" Test Bank, PowerPoint Presentation Slides, and Pearson Custom course material are available. Note: MySocLab does not come automatically packaged with this text. To purchase MySocLab, please visit: [www.mysoclab.com](http://www.mysoclab.com) or you can purchase a ValuePack of the text + NEW MySocLab (at no additional cost): ValuePack ISBN-10: 0205965121 / ValuePack ISBN-13: 9780205965120.

**Sociology in Our Times** Diana Kendall 2004-03-01 This cutting-edge, applied book highlights the relevance of sociology by including a diverse collection of theories, research, and "lived experiences" that accurately mirror the diversity in society itself. The author's vivid, applied, personal writing style engages students, and activates compelling everyday examples that make sociology particularly relevant to diverse students. A social issue or application opens each chapter and provides various topics for boxes, features, and examples that are carried throughout the entire chapter. Kendall's text is acclaimed in the field for being the first textbook to integrate race, class, and gender issues; as well as for its thorough presentation of sociological theory, which includes diverse theoretical viewpoints such as feminist and postmodernist theory.

Kendall shows students that sociology involves important questions and issues that they confront both personally and vicariously.

**Environmental and Natural Resource Economics** Thomas H. Tietenberg 2018-03-13 Environmental and Natural Resource Economics is the best-selling text for natural resource economics and environmental economics courses, offering a policy-oriented approach and introducing economic theory and empirical work from the field. Students will leave the course with a global perspective of both environmental and natural resource economics and how they interact. Complemented by a number of case studies showing how underlying economic principles provided the foundation for specific environmental and resource policies, this key text highlights what can be learned from the actual experience. This new, 11th edition includes updated data, a number of new studies and brings a more international focus to the subject. Key features include: Extensive coverage of the major issues including climate change, air and water pollution, sustainable development, and environmental justice. Dedicated chapters on a full range of resources including water, land, forests, fisheries, and recyclables. Introductions to the theory and method of environmental economics including externalities, benefit-cost analysis, valuation methods, and ecosystem goods and services. Boxed 'Examples' and 'Debates' throughout the text which highlight global examples and major talking points. The text is fully supported with end-of-chapter summaries, discussion questions, and self-test exercises in the book and multiple-choice questions, simulations, references, slides, and an instructor's manual on the Companion Website.

**Understanding Research Methods** Mildred L. Patten 2017-06-26 A perennial bestseller since 1997, this updated tenth edition of Understanding Research Methods provides a detailed overview of all the important concepts traditionally covered in a research methods class. It covers the principles of both qualitative and quantitative research, and how to interpret statistics without computations, so is suitable for all students regardless of their math background. The book is organized so that each concept is treated independently and can be used in any order without resulting in gaps in knowledge—allowing it to be easily and

precisely adapted to any course. It uses lively examples on contemporary topics to stimulate students' interest, and engages them by showing the relevance of research methods to their everyday lives. Numerous case studies and end-of-section exercises help students master the material and encourage classroom discussion. The text is divided into short, independent topic sections, making it easy for you to adapt the material to your own teaching needs and customize assignments to the aspect of qualitative or quantitative methods under study—helping to improve students' comprehension and retention of difficult concepts. Additional online PowerPoint slides and test bank questions make this a complete resource for introducing students to research methods. New to this edition: New topic section on design decisions in research Additional material on production of knowledge and research methods Significant development of material on ethical considerations in research Fresh and contemporary examples from a wide variety of real, published research Topic-specific exercises at the end of each section now include suggestions for further steps researchers can take as they build their research project.

Essentials of Athletic Injury Management William E. Prentice 2006-11-01 Essentials of Athletic Training continues its focus on the basic principles in the care and prevention of athletic injury. It gives coaches, teachers, and students the essential information they need to work with individuals participating in sport. The seventh edition comes with additional helpful resources available on the Online Learning Center.

**Introduction to Sociology** Henry L. Tischler 1990

**Suggestions to Medical Authors and A.M.A. Style Book** American Medical Association 1919

*Discover Sociology* William J. Chambliss 2018-11-19 The authors are proud sponsors of the 2020 SAGE Keith Roberts Teaching Innovations Award—enabling graduate students and early career faculty to attend the annual ASA pre-conference teaching and learning workshop. What key social forces construct and transform our lives as individuals and as members of society? How does our social world shape us? How do we shape our world? *Discover Sociology* presents sociology as a discipline of

curious minds. The authors inspire curiosity about the social world and empower students by providing the theoretical, conceptual, and empirical tools they need to understand, analyze, and even change the world in which they live. Organized around four main themes—The Sociological Imagination, Power and Inequality, Technological Transformations of Society, and Globalization—the book illuminates the social roots of diverse phenomena and institutions, ranging from poverty and deviance to capitalism and the nuclear family. "Behind the Numbers" features illustrate the practical side of sociology and shows students how to be critical consumers of social science data reported in the media. And every chapter addresses the question, "What can I do with a sociology degree?" by linking the knowledge and skills acquired through studying sociology with specific jobs and career paths. The Real World Kerry Ferris 2018-06 The most relevant textbook for today's students.

*Sociology* Margaret L. Andersen 2020

*Life* William K. Purves 2001 Authoritative, thorough, and engaging, *Life: The Science of Biology* achieves an optimal balance of scholarship and teachability, never losing sight of either the science or the student. The first introductory text to present biological concepts through the research that revealed them, *Life* covers the full range of topics with an integrated experimental focus that flows naturally from the narrative. This approach helps to bring the drama of classic and cutting-edge research to the classroom - but always in the context of reinforcing core ideas and the innovative scientific thinking behind them. Students will experience biology not just as a litany of facts or a highlight reel of experiments, but as a rich, coherent discipline.

Check with the seller prior to purchase. -- A Down-to-Earth Approach James Henslin shares the excitement of sociology in *Essentials of Sociology: A Down-to-Earth Approach*, 11/e. With his acclaimed "down-to-earth" approach and personal writing style, the author highlights the sociology of everyday life and its relevance to students' lives. With wit, personal reflection, and illuminating examples, Henslin stimulates students' sociological imagination so they can better perceive how the pieces of society fit together. In addition to this trademark down-to-earth approach, other distinctive features include: comparative perspectives, the globalization of capitalism, and visual presentations of sociology. MySocLab is an integral part of the Henslin learning program. Engaging activities and assessments provide a teaching a learning system that helps students see the world through a sociological lens. With MySocLab, students can develop critical thinking skills through writing, explore real-world data through the new Social Explorer, and watch the latest entries in the Core Concept Video Series.

**Sidewalk** Mitchell Duneier 2001 Presents the lives of poor African-American men who make their subsistence wages by selling used goods on the streets of Greenwich Village in New York; and discusses how they interact with passing pedestrians, police officers, and each other.

**Introduction to Sociology 2e** Heather Griffiths 2017-12-31 Introduction to Sociology 2e adheres to the scope and sequence of a typical, one-semester introductory sociology course. It offers comprehensive coverage of core concepts, foundational scholars, and emerging theories, which are supported by a wealth of engaging learning

materials. The textbook presents detailed section reviews with rich questions, discussions that help students apply their knowledge, and features that draw learners into the discipline in meaningful ways. The second edition retains the book's conceptual organization, aligning to most courses, and has been significantly updated to reflect the latest research and provide examples most relevant to today's students. In order to help instructors transition to the revised version, the 2e changes are described within the preface. The images in this textbook are grayscale. Authors include: Heather Griffiths, Nathan Keirns, Eric Strayer, Susan Cody-Rydzewski, Gail Scaramuzzo, Tommy Sadler, Sally Vyain, Jeff Bry, Faye Jones

**An Introduction to Sociology** Anthony Giddens 2000-04-01

**Sociology of American Sport** D. Stanley Eitzen 1978

**The Contexts Reader** Syed Ali 2018-02-15 An updated collection of the best articles from the award-winning magazine
