Guitar Compendium Howard Roberts 1989 This is the first instructional book of its kind, taking a strikingly new and refreshing approach to learning guitar, carefully designed to guarantee efficient practice with rewarding results. Whether your playing falls under one of the more traditional styles, or whether you're a composer and arranger or exploring new musical regions and establishing your own musical direction or personal fusion of musical ideas and influences, The Praxis System has what you need. The name of the system ("Praxis" comes from the Greek word meaning "practice" and "to do") accurately reflects its general orientation. Play it first, getting sound and satisfaction out of the guitar immediately, and musical understanding will naturally follow. Praxis lets you choose the precise subject you want and immediately provides relevant musical examples. And these examples are presented in such a way that the principle behind the example is always clear, thus allowing you to apply it directly to your music. Traditional guitar books try to teach you to play someone else's music, while Praxis takes you directly to being able to play anything that you want---someone else's music, your own music, and everything in between. Guitar instruction books are traditionally written in a progressive fashion; Book 1 first, then Book 2, etc. However, the selection and sequencing of material is usually determined by the book rather than the reader, and the familiar result is that---while the book progresses, the student doesn't. Again, Praxis reverses this. You don't have to start with Book 1, there is no Book 1! You go where your interests lie. Just begin work on any one subject in any volume that attracts you. Because Praxis is a modular system, it can be reassembled into many different combinations. These different combinations of units can answer both varying curricular needs as well as individual interests. Titles: Style & Craft: Inventory of the Basic Moves * Inventory of the Basic Mo

Hard Bop Academy Alan Goldsher 2002 Art Blakey and the Jazz Messengers was one of the most enduring, popular, reliable and vital small bands in modern jazz history. Blakey was not only a distinguished, inventive and powerful drummer, but along with Duke Ellington and Miles Davis, he was one of jazz's foremost talent scouts. The musicians who flowed seamlessly in and out of this constantly evolving collective during its 36-year run were among the most important artists not just of their eras, but of any era. Though their respective innovations were vital to the evolution of bebop, hard bop and neo bop, the recorded work of the Messengers sidemen has never been properly analyzed. Until now. Hard Bop Academy: The Sidemen of Art Blakey's Jazz Messengers critically examines the multitude of gifted artists who populated the many editions of the Jazz Messengers. In addition to dissecting the sidemen's most consequential work with Blakey's band, jazz musician and acclaimed novelist Alan Goldsher offers up engaging profiles of everyone from Wynton Marsalis to Terence Blanchard to Hank Mobley to Wayne Shorter to Horace Silver to Keith Jarrett to Curtis Fuller to Steve Davis. And that's only the beginning. Goldsher conducted over 30 interviews with surviving graduates of Blakey's Hard Bop Academy, many of whom spoke at length of their tenure with the legendary "Buhaina" for the first time. Alan Goldsher is a bassist who has recorded with Janet Jackson, Digable Planets, Cypress Hill and Naughty By Nature. His writing has been published in Bass Player, Tower Pulse, Sport and Basketball: Chicago Bulls Magazine. Goldsher's debut novel, Jam, was published in 2002 by Permanent Press. He lives in Chicago. Hardcover.
